25X1 1. [] Don Stigers of State Department telephoned indicating Frank Coffin had asked him to be in touch with us concerning Senator Fulbright's letter to the Secretary of State asking for material on research costs for studies on communism. Stigers indicated our Comptroller has full information on this and the question remains whether to include CIA figures in the response to Fulbright. We will check into this and advise.

25X1 3. [] called to say that our people had met with him this morning, that he had discussed the details of [] with them and had a very enjoyable meeting. He wanted to express his appreciation to us for arranging this meeting. (Representative Karsten had requested this appointment. See Journal of 20 November 1961.)

25X1 4. [] Personnel, called concerning the status of the draft Civil Service Commission bill on the subject of dual compensation. (We had commented on this draft bill to the Bureau of the Budget this past July.) I contacted James Hyde, BOB, who informed me that while BOB had coordinated the position of the Executive branch they had encountered some difficulty concerning this proposed legislation with the Bureau and had been unable to reconcile internal differences prior to adjournment of the first session of Congress. He added that this item was high on the list of priority items and that they hoped to resolve their internal problems so that the bill could be introduced shortly after the first of the year. This information was passed on to []
